

Our Location. Your Success.

Voted World's Greatest Boatyard

Marine Group Boat Works, LLC (MGBW) is a family-owned, full-service boat and superyacht refit and repair facility occupying over 15 acres of land and water. Located at the southern part of the San Diego Bay-Chula Vista with a second location in San Jose del Cabo, MGBW specializes in refits, repairs and new construction of boats up to 220 feet long. The company currently employs 165 people in Chula Vista.

Marine Group Boat Works is recognized worldwide for its 665-ton travelift, making it the premiere San Diego superyacht refit facility for the West Coast. Its specialties include haul-outs, bottom paints, Lloyds' and ABS-class surveys, engine repowers, mechanical repairs, propeller service, custom fabrications and more.

MGBW also provides highly specialized services including new construction, custom metal fabrications and emergent work repairs for vessels ranging from range training support crafts, workboats, tugboats and barges that are specific to the commercial and government sectors.

The City helped MGBW secure the vital parcels needed to win the contract for their first military project bids. Todd Roberts, Manager MGBW said, ***“when we needed a larger footprint to qualify for federal military contracting, the City of Chula Vista was there for us. It's now a vital part of our business growth.”***
